### **Naamregister**

Deze index, in een afzonderlijk volume en op kleiner formaat om de handzaamheid te verhogen, zal zeker voor vele lezers een bijkomend ontsluitingsmiddel voor de inhoud van het boek zijn.

Het register bevat selectief ca. 2.980 namen: plaatsnamen (landen, steden, gemeenten, dorpen, relevante gehucht- en straatnamen, waterlopen, hoven,...), personensnamen en namen van instellingen, functies, verenigingen, periodieken en andere uitgaven,... die in de teksten van het boek (met inbegrip van de onderschriften bij de illustraties) terug te vinden zijn.

De nummers verwijzen naar de pagina's van het boek waar de naam voorkomt. Indien de naam meerdere keren op dezelfde pagina staat, wordt het paginanummer slechts éénmaal vermeld.

Het nummer "0" verwijst naar het voorschutblad (bijschriften bij de illustraties op de vooromslag en op het geopende voorschutblad), het nummer "513" naar het achterschutblad (bijschriften bij de illustraties op de achteromslag en op het geopende achterschutblad),

De namen zijn strikt alfabetisch geordend. Zo komt bijvoorbeeld „VAN DE ..." vóór „VANDE..." en „D'H..." vóór „DH..."...

Deze index bevat de overeenkomende eigennamen, in voorkomend geval in hun verschillende schrijfwijzen, afkortingen, juiste en foutieve varianten, talen, in samenstellingen,... zoals ze in de verschillende hoofdstukken, bijdragen en citaten voorkomen.

Wie dus bijvoorbeeld naar de plaatsnaam "MAZENZELE" kijkt, dient ook "MAZENZELE", "MAXEMZELE", "MAXEMZEEL", "MAZEL",... te raadplegen. Wie naar "VAN DEN BROECK" zoekt, kijkt ook eens naar V.D. BROECK,... en wie "DENDERMONDE" zoekt, dient ook "TERMONDE" te raadplegen. Zo vindt men bijvoorbeeld "OORLOGSMETERS" zowel bij "OORLOGSMETERS" als bij "WERK DER VLAAMSE OORLOGSMETERS".
